## PROFILE

I'm a Cybersecurity Analyst for the past five years. I have been helping companies here in Kenya as a blue team employee to defend against threats towards company servers and Website. The past one year I have been working at hama realtors group to identify, catch and prevent email fraud by efficiently handle high volume of requests and applying policies. I'm detailed oriented and passionate about cybersecurity. I'm a optimist very positive about life, very comfortable to work in a fast-paced and virtual environment. I can communicate clearly in both verbal and written communication methods and very active listen
